## FATO, YOUR PERSONAL TABLE STYLIST

FATO presenta tutte le novità 2024. Nuove texture, decori e fantasie che vanno ad arricchire le collezioni Tablewear, Star e Tissue & Co., sempre nel segno della qualità e dell'eleganza Made in Italy.

Dopo uno studio accurato delle attuali tendenze e un'attenta selezione di decori e colori accattivanti, le nuove proposte sono pronte a conferire un tocco di eleganza e modernità alle tavole dei nostri clienti.

FATO presenta inoltre un'evoluzione del runner tradizionale: il nuovo "smart runner". Grazie al pretaglio ogni 30 cm, sarà possibile utilizzare un solo strappo con la funzione di tovaglietta o più strappi consecutivi per creare runner di lunghezze diverse, secondo le necessità di ogni locale.

*FATO presents all the novelties in 2024. New textures and patterns for the Tablewear, Star and Tissue & Co. collections but the same 'Made in Italy' quality and elegance as always.*

*After a meticulous study of current trends and the careful selection of appealing patterns and colours, the new propositions are ready to add a touch of elegance and modernity to our customers' dining tables.*

*FATO also presents the new 'smart runner', an evolution of the traditional tablerunner. Pre-cut in 30 cm lengths, one sheet serves as a placemat or several can be used together to create tablerunners of different lengths depending on the needs of each venue.*

L'AIRLAID COLORATO DIVENTA OK COMPOST /  
COLOURED AIRLAID PRODUCTS NOW OK COMPOST-CERTIFIED

---

La gamma Tablewear in Airlaid colorato diventa ancora più ecologica: la materia prima con cui vengono realizzati i coordinati tavola è oggi certificata OK Compost, dunque compostabile.

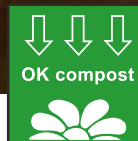

Un'attenzione sempre maggiore al pianeta e alla riduzione dell'impatto ambientale dei prodotti FATO, ma anche un vantaggio per i gestori del settore Ho.Re.Ca., che possono smaltirli senza generare ulteriori residui nell'ambiente.

I colorati Tablewear creano sempre nuove e raffinate combinazioni e portano in tavola le performance e l'alta qualità di sempre della linea in Airlaid, con un tocco green che li rende oggi ancora più preziosi.

*The coloured Airlaid Tablewear range becomes even more eco-friendly: the raw material used to produce the coordinated table settings is now OK Compost-certified, meaning it can be composted.*

*An ever greater focus on the planet and on reducing the environmental impact of FATO products, but also an added benefit for Ho.Re.Ca. operators, who can dispose of them without generating any further waste in the environment.*

*The coloured Tablewear accessories create infinite, refined combinations that serve up the performance and high quality of the Airlaid line, adopting a green approach that now makes them even more special.*
